

STUDENT PROGRAMME MANAGER

Internship offer

UNIVERSITY SPACE CENTER OF MONTPELLIER (CSUM)

The University Space Center of Montpellier is the French leader in the development and operation of nanosatellites developed by students. It has acquired in-depth competences in the field of design, manufacturing, testing and operation of nanosatellites and their subsystems, as well as in the area of space project management and product assurance in the framework of university space projects. The CSUM has an AIT (Assembly Integration and Test) Facility, a CDF (Concurrent Design Facility) and both UHF and S-band Ground Stations. The CSUM develops its own 1U and 3U CubeSat nanosatellite platforms with the support of the Van Allen Foundation and both the French and the European space agencies.

INTERNSHIP DESCRIPTION

As a student programme manager, you will be tasked to manage the participation of CSUM in the Fly Your Satellite! programme of ESA Education. Helped by professionals of both structures, you will hold regular meetings to show the project's progress, distribute actions to the team and ensure they are completed in due time and properly documented. You will also take part in tests on flight hardware – your work will eventually go to space!

Skills/Languages: English – being able to have a technical discussion with experts

Speaking a bit of French is a nice bonus!

Technical background in at least one field is mandatory (BSc level or equivalent)

Previous management experience is appreciated.

Level: 1st/2nd year of MSc or equivalent

Location: Centre Spatial Universitaire de Montpellier, Campus Saint-Priest, Montpellier France

Preferred starting date: Position open immediately

Duration: 4 to 6 months

Supervisor, Function at CSUM: Laélien Rivière, System Engineer and 1U satellites manager

**fly your
satellite!**
